SCHOOL COMMITTEE MEETS

WILMINGTON--The Wilmington School Committee held its monthly meeting Wednesday evening at the Roman House. Mr. Edward Sullivan of Grove Ave., an eligible substitute teacher, appeared before the board re-

questing reasons for the lack of substitute teaching on his behalf in this town. Supt. suggested that a meeting between himself, Mr. Sullivan and the principal involved be arranged to help straighten this situation out. This suggestion was adopted by all members of the committee.

Bids were opened and recorded on various items necessary in operating our school system. During the meeting two new teachers were elected to our teaching staff. They were: Mr. Donald E. Heyliger of Wakefield a Physical Education Instructor at a starting salary of \$4200.00 per year, and Mr. Walter S. Shields, a Mathematic Teacher for the high school, at a starting salary of \$4200.00 per year. The resignation of Miss Clare E. Austin, English teacher at the high school was accepted.

NORTH READING--The Second Degree will be exemplified for new members on Thursday evening, April 20, at 8 PM at the Grange Hall.

The Major Degree will be conferred on Sunday night, the K. of C. announces, April 23 at 8 PM at the Grange Hall. A representative of the North Reading Police Department will participate in the social hour which starts at 9:30 PM.

The second regular meeting of the month for the K. of C. will be held on Monday, April 24 at 8 PM at the Grange Hall. A representative of the North Reading Police Department will participate in the social hour which starts at 9:30 PM.

The American Cancer Society is now supporting the work of the International Association of Laryngectomies, which assists people who have lost their voices to cancer to speak again. The Society needs your help in the total fight against cancer.

The committee has tentatively set June 21 as the closing date for the schools with the teachers attending an extra day to complete their clerical work. The high school graduation date has been set as June 11th. The date of the Senior Prom has been set for May 19, with the banquet coming during the first week of June. Baccalaureate Services, as in the past, will be left up to the individual churches to so honor the graduates.

Seniors, who can provide proof of being able to begin work, may be released from school on or about May 19.

The Superintendent of Schools reported on his trip to Philadelphia to the American Assoc. of School Superintendents. The conference included group and panel discussions on the 12 month school program, which is still in the discussion stage, and the possibility of machine teaching which is expected to be in operation within the next ten years. Of course there will be much research and further discussions on both these subjects before any conclusions can be made.

WILMINGTON SELECTMEN MEET

LITTLE LEAGUE TRY-OUTS

WILMINGTON--Little League try-outs for eleven year old boys on Saturday and twelve year old boys on Sunday, April 15 and 16 at Little League Park starting at 1 PM. There will be fielding and batting try-outs for all eleven and twelve year old registered applicants, except assigned Major League players from last year. All boys this age must be present on Saturday or Sunday if they wish to play ball this year.

Team Managers and coaches will look over the boys for replacement and assignment to the various teams. Only the names of the boys working out checked by the Managers will be taken into consideration at the player auction on April 17. No new applications will be taken.

Over 150 boys will try out at Little League Park this weekend. Over 150 nine and ten year old applicants went through fielding and batting try-outs last weekend. All Major and Minor Team Managers and Coaches were on hand and carefully checked out the boys on their team replacements and assignments.

Auction night when the managers draw their initial line-ups will be next Monday evening April, after the tryouts of the eleven and twelve year applicants.

To date, some 270 boys have registered for the 1961 season. Wilmington is a registered and franchised club in the National Headquarters at Williamsport, Penn.

Unfortunately the Wilmington League does not have sufficient personnel or adequate play areas to support a farm system for the surplus applicants left over this year. These boys can only wait for another chance next year.

SCHOOL COMMITTEE WITHHOLDS NAMES

by Dorothy Bourdieu

READING: The school committee is at it again - sitting in its ivory tower making weighty deliberations far above the heads of ordinary mortals such as the taxpaying public.

This time they have decided to withhold the names of teachers elected to tenure on the grounds that it might cause misunderstanding were the information released prior to the close of school.

Supt. of Schools Rob't F. Perry was the first to refuse to release the information which we believe should have been decided in open session if they are to comply with the open meeting law. The school committee upheld the super's decision at its Monday night session.

There is no quarrel with their right to deliberate on personnel in executive session. But let's vote in the open - you know that old 'stand up and be counted' phrase which is less than popular with some town officials.

Now other towns elect teachers to tenure right out in the open and the results are published forthwith. There seems to be no misunderstanding among townspeople, teachers or students.

The reaction of the local members is a puzzler. Maybe they think the townspeople are less intelligent than their counterparts in neighboring communities. It is difficult to see why there should be greater comprehension in July when the data is spoon fed at the discretion of the sup't than when the news is fresh in April.

The school committee has added a third meeting to its current two-a-month schedule. It is purportedly to 'educate the committee' by providing first hand information on the educational program through meetings with department heads, staff members and others.

They plan to discuss the athletic program at the first, scheduled for May 15. Other topics suggested were 'team learning' and the extra-curricular program exclusive of sports.

It would be well to add an informative discussion of the open meeting law for the benefit of the committee. Maybe after a thorough briefing, notices of meetings would be posted as required. This part of the law is adhered to sometimes, but frequently ignored.

Keeping of minutes for executive sessions could be subject to review as well. But, of course, there is never much evidence of any great amount of 'note-taking' by the sup't, who also serves as secretary!

Following the nuptial Mass, a reception was held at the Merri-Mac Club in Lawrence. Miss Betty Domes of Damon St. was in charge of the guestbook.

The couple left after the reception for an automobile trip to Washington, D.C. For her going away costume, the bride chose a navy blue dress of butcher linen, which featured a bell skirt and scoop neckline. Her white pillbox was topped by a bright red coat and a corsage of white orchids. She wore short white gloves, and navy blue shoes. They plan to reside in Salem, N.H.

The bride is a graduate of North Reading High School and is currently employed at Raytheon in Andover. The groom graduated from Lynn High School, and he too is employed by Raytheon in Andover.

From the Editor**TOO MUCH FOR THE OLD BOY**

For many communities, shouldering the burden of increased household and industrial demands on local water utilities has become too much. Water utilities built a quarter to a half-century ago are not able to carry the load caused by recent population explosions, industry growth and increased per capita use.

According to the National Water Institute, water rationing during hot weather, insufficient pressure to fight fires adequately, and, in some cases a complete lack of water, have plagued communities across the country. In a recent year over 1,000 communities were rationed on water consumption.

These situations have not been the fault of the trained engineers who operate our water utilities. They are dedicated men who have the ability and training to keep our water supply operating efficiently. But, unfortunately, many are stymied by a lack of plant equipment due to public apathy and lack of public funds.

We now use three times more water per person than was used in 1900. By 1975 per capita consumption will be even greater. Our 1900 population was 76 million and by 1975 it is expected to reach 225 million, placing even heavier burdens on water supplies.

Our local water utility manager knows whether his equipment is able to supply enough water for our needs. He also knows whether or not he has the equipment to handle the job in the future. It is important for all of us to find out the facts about our water utility now--so that expansion plans can be started if necessary. The job cannot wait until a crisis has been reached--for it will be too late.

JUNIOR HIGH EXCHANGES PAINTINGS

TEWKSBURY: This year the Tewks- bury Junior High School has initiated, through the media of Art, a cultural exchange program with foreign countries. The aim of the program is to promote greater understanding between peoples of the world.

Mr. Edward Farley, Principal of the Junior High School, re- ports that boys and girls are busily engaged in preparing drawings and paintings during their Art periods. Students are hopeful of having their work selected to represent Tewksbury in the coming exchange.

Each year the school plans to exchange student Art work with a different country. This year Ireland will be the recipient of the school's efforts.

Wilmington Bank & Trust Co.

In exchange for the Jr. High paintings, Ireland will send the Jr. High School a number of paintings completed by their students. This work will be dis- played at an Open House to be announced at the Jr. High School. The public will be cordially invited to attend.

This exchange program has generated a great deal of en- thusiasm in the students and has resulted in greater efforts on their part to be 'Ambassa- dors of Good Will' for their country.

REALTORS WEEK PLANNED

Members of the Eastern Middlesex Board of Realtors, Inc. are now starting to plan with other civic and business leaders of the community to celebrate Realtor Week which will be observed nationally from April 23-29. John A. Willis, president of the board, announced today.

Special plans for the observance of the week, designed to acquaint the public with the advantages of buying or selling real property through the services of a Realtor, are the responsibility of the board's Realtor Week Committee headed by Edward F. Homer, of Stoneham, Mr. Willis said. Other members of the committee are Irene T. Webb of Melrose, Constance S. Levers of North Reading, Myron E. Wing of Reading, Robert Clark of Wilmington, Warren J. Wright Jr. of Wakefield and Frank P. DiPaniello of Woburn.

Held annually under the auspices of the National Assoc. of Real Estate Boards of which the Eastern Middlesex Board is a member, Realtor Week is expected to be observed by at least 600 real estate boards across the country. "We Realtors know that the purchase or sale of real estate—particularly the buying or selling of a home—is probably the most important single transaction in which most persons ever engage," Mr. Willis said. "And we want the public to know that Realtors can help them in such a transaction with the highest standards of professional competence and ethics. During Realtor Week we will reemphasize this point."

Shown left to right is Charles Statuti, Chairman of the North Reading Cancer Crusade, Mrs. Maurice Ahern and Mr. Ralph Costanza. Photo taken at a meeting last Sunday evening.

and adherence to ethical practices in addition to passing state license examinations. Thus, a Realtor is more than just any real estate broker. Furthermore, Mr. Willis pointed out, the term REALTOR is the exclusive designation of members of local real estate boards and NAREB by virtue of its recognition with the U.S. Patent Office. Numerous federal and state court decisions have upheld the Association's exclusive control of the term.

Really
Reading!!By
Donna-Lane Boudreau.

"Love Looks Away" or at least out-of-town for Cupid's arrow hit its mark outside of Reading for some 39 of the 208 couples whose marriages were recorded in the town report for 1960. Newlyweds with both couples residing here were far outnumbered by 131 pairs that had one local resident. The rest were both out-of-towners.

Several matches were made across the border in No. Reading. Little matchmaking stretched across state boundaries and of these the most occurred with N.H. residents. Colorado, Calif., R.I., Conn., N.H., Me., and Pa. folk were listed in the report, however.

June was, of course, as tradition has it, the most popular choice of brides, with 26 recorded. Fall weddings were a close second with a total of 50, evenly divided between the months of Sept. and Oct. January has the least attraction for the altar-bound with only 10 having chosen the first month of the year.

Age was no criterion with people from 16 to 72 years of age exchanging marital vows. Every age from 16 to 50 was represented, but 21 led the age group with 52 taking the step. Ages 19 and 22 followed with 40 each.

Just about every occupation and profession was listed. Among unusual vocations for the men were a blacksmith and a ladder-maker. For the innumerable secretaries there was one airline stewardess. Students were well represented to attest to the number of younger marrieds.

Students from 11 countries in Europe and Asia will be the guests of Reading families April 13 thru April 15 as part

of the program organized by the student council and the Reading chapter of the American Field Service.

The activities include an informal reception at the Community center between visiting families and selected host families.

An assembly in which the students will tell of their country's customs will be held Friday morning. For the remainder of the day the youths will attend classes at the high school.

Mr. and Mrs. H. Kelsey Moore, 107 Prospect St., will hold a tea for the group Friday afternoon.

A dance, open to the entire student body, will be held in high school cafeteria Friday night to be followed by a party at the home of Mr. and Mrs. Ralph Smith, 56 Berkeley St., for the visitors and their escorts.

Janet Rodgers, Sharon Weed, and Svea Carlson are the chairmen.

R.O.T.C. students at Northeastern Univ. gave a gasp of surprise recently when they read the banner story of the school publication.

The lengthy and well written article stated that all R.O.T.C. students would be required to

enter the service immediately on graduation. Further details gave all appearances of an authentic news item.

At the end there was a simple statement which sent readers scurrying to a calendar to note the date - APRIL FOOL!!!!!! One Reading student is still wondering how many, if any, failed to read the story to its surprise ending.

Highlights of Reading during 1860-1861 will be revealed to the Reading Antiquarian Society Tuesday night when Mr. and Mrs. C. Nelson Bishop present "Ben Lovelace's Diary: Reading, 1860-1861."

Reservations for the meeting must be made by Monday night by calling Mrs. Robert M. Barclay.

Refreshments will be served

The Reading Police Relief Assn. will sponsor a rifle training program for boys and girls between the ages of 14 and 17. The newly instituted program will stress safety and the proper handling of firearms first, with expert marksmanship a secondary factor.

The Reading Public Library has released a list of books currently available that were selected by the Notable Books Council of the American Library Assn., Adult Services Division, in 1960. Nearly all are on the shelves of the local facility.

The group considers all the entries as being significant in content, and readable in style, for the reader who is seeking worthwhile material.

Mrs. Barbara Nyberg will be installed as Pres. of the Ladies Auxiliary of the V.F.W. Post 685 at 8 p.m. Saturday night. Her officers will be Mrs. Frances Doucette, Mrs. Frances Connors, Mrs. Florence Scheider, Mrs. Anne Harte, Mrs. Virginia Erickson, Mrs. Eileen Connors, Mrs. Eleanor Mucci, Mrs. Elizabeth Nickerson, Mrs. Virginia Nickerson and Mrs. Katherine Meiers.

There is still hope for swimming enthusiasts who were disappointed when the town meeting defeated the proposal for a swimming pool at the Reading community center.

The study committee met last week and hope to present either a new pool at a possible new location, or perhaps a new method of financing construction costs of the original proposal at a special town meeting in May.

Two members will be added to the group, one from the Capital Expenditures and Planning committee, and one from the Finance committee, in accordance with instructions issued by town meeting.

G. Daniel Putnam, 1027 Main St., returned home last week end after working in Maryland under the co-op program at Northeastern where he is a sophomore.

Four driving lessons of 30 minutes each will also be given at the convenience of the novice operator.

Further information may be obtained from the Y office.

The first competition this year for the Veterans Teenage Bowling League will begin April 22 when the youngsters meet the Tewksbury Little League.

Future plans for the group include a father and son match to be held May 21 and May 28. Applications for the tourney must be in by April 15.

Two performances of a children's pageant will be given on April 23 in St. Agnes School hall. Mrs. Henry Parry is acting as director.

C Committee workers include: Mrs. Anne Campbell, Mrs. Robert P. Sumner, Mrs. Daniel J. Flynn, Mrs. William McGee, Mrs. John W. Power, Mrs. John Mantia, Mrs. James Guido, Mrs. Thomas Hynes and Kay Goulet.

Proceeds will go to the Guild Fund.

Among the freshman class at Deaconess Hospital, School of Nursing who received their caps at exercises in Boston were Jean Holden, daughter of Mr. and Mrs. Robert Holden; Jacqueline Rixon, daughter of Mr. and Mrs. Herbert M. Rixon; and Judith MacDonald, daughter of Mr. and Mrs. Howard A. MacDonald.

All three girls had been taking courses at Simmons College in connection with the nursing program after graduation from Reading Memorial high school in 1960.

"Going, going, gone!" will be the cry at the annual auction of the St. Agnes School Guild, Sat. at the school. John Colby will act as auctioneer assisted by Paul Good.

Mrs. John Lynch and Mrs. Roswell Mulse are co-chairmen. Refreshments will be served by Mr. and Mrs. Andrew Broderrick and their committee.

The Reading public schools will close Friday for the annual spring vacation. They will reopen April 24 and remain open until school closes in June.

The Episcopal Church of the Good Shepherd will hold a paper and rag drive on Saturday. A trailer truck will be located on Chute St. from 9 a.m. until 3 p.m.

German measles infected 61 people in Reading during March, according to the Board of Health. 15 cases of mumps were reported, and scarlet fever victims numbered 4. Only 1 case of measles was recorded.

Four people suffered dog bites during the same period.

"The Excellence of the Lord" will be the subject of the mid-week service to be held at the First Baptist Church tonight at 7:30. Rev. Frederick V. Hanley will deliver the sermon.

Atty. Warren J. Killam, Jr., 340 Summer ave., has been named to the Board of Directors of the Melrose Co-operative Bank. Atty. Killam also serves as the town counsel for Reading as well as operating a Melrose law practice.

A public hearing will be held at 8 p.m. April 17, to determine if an illuminated sign should be erected at Main and Ash Sts near the gate tender's shed.

The T.D.I. Outdoor advertising Committee is seeking the permit.

Three Reading people were drawn for jury duty. For Lowell Civil session May 1, Maurice L. Haley, 5 John St., for Cambridge Superior Court May 1, Walter P. Ingalls, 345 Pearl St., and Alta E. King, 217 Summer Ave.

Thomas F. Galvin, 20 Fairmount rd., was named to succeed Ernest E. Gallant to the Board of Finance by the Board of Selectmen.

Herbert F. Gent, 23 Alden cir., will replace Ralph G. Sias on the personnel board.

STRIKES & SPARES

by Tania Willeman

Tournaments, tournaments and more tournaments are going on at the present time.

No. Reading's Doc Lawson won the Andover Men's Handicap tournament with 613 for 5 strings. He was the pleased recipient of a large and beautiful trophy presented to him by MSA President Ted Jones. May there be many others, Doc, to take place beside this one. Incidentally, his score was a nice 549 without the handicap!

The R.A.A. tournament in Boston had Joe and Helen Baratz paired up in the mixed doubles with Joe rolling a beautiful 560 as his share and the two ending up with 991. The other couple that went in were Denning and Willeman and they ended up with 944.

The mixed team in the same tournament was called the Denning Five and had the following No. Readingites on it: H. Baratz, 286, M. Denning, 291, H. Willeman, 299, J. Baratz, 299, and E. Kellner (Andover) 333. This team came in ninth with a 1508 team total. The other team had P. Clano, 292, J. Richardson, 289, K. Jones, 293, J. Cabral, 340, S. Hunt, 271 for team total 1465.

Gloria Staples was a member of the team that came in second place representing Wakefield, and that team rolled a big 1630!

John Fino rolling in the World Tournament Juniors division in Lawrence, came up with a real nice 519 for a five string total. I say again, watch this youngster!

NEWS BULLETIN!!!No. Reading's Marion Denning will represent the North Shore from the Sunday Niter Couples League on TV Saturday, April 15 at 12 noon on Fun for All Ages, Channel 5. She will be bowling as Bruce Chauspou's partner in the mixed doubles. This is an hour long program, and has money prizes for 3 spares in a row, (\$50.00), 3 strikes in a row, (\$1,000) etc. Good luck Marion, we are all rooting for you!

E. McVickers of St. Dorothy's Women's Bowling League has now increased her lead in the standings by almost 2 full points. B. Chandler rolled up a nice triple of 329 and C. Racicot was three points behind her with 326, and not to be outdone, M. Reynolds ended up, with 322. The Digits, Bench Warmers, and Bloopers are all tied for first place team standing, and the Dreamers with the Jets are tied for 2nd place only one point out of first. Was pleased to see E. Ness come up with that nice 115 which was 40 pins above her average. Good girl!

Merle Eramo of the Antler's League had a gripe about taped pins Monday night. You are not alone, Merle, I and many others were muttering to themselves. Hubby Eramo says though that you have to hit them to get them. What if you hit them and they still don't fall, Mr. Eramo?

Last but not least a vote of thanks to the CRUSADER, for their weekly support.

Dear Sir:

I hope you will find room in your paper for this letter. Every so often someone does something very nice for the kids in town, but I don't think enough people find out about it. So I am writing this letter to tell the good people of Wilmington who have young children growing up, that there is a group of wonderful men around here who are always taking time out from their business to do something for the young ones. I mean the Rotary Club and the Rotarians. They are now going to build a wonderful park on their land downtown and fix it up for the little kids as well as the big ones. There is going to be a nice safe skating rink there for the winter time, a baseball park and tennis courts for the summer time. Even the Little League, when they lose their present park, is going to be taken care of. Also, for the real young tots, there will be sand boxes, slides and swings. And plenty of shade trees and benches for the mothers to rest under while the kids enjoy themselves.

I know most of the Rotarians and they are very modest gentlemen. They don't go around tooting their horns and bragging about what they are doing for this cause or that. I have watched them entertain and honor young Jeanne Ashworth and little Nancy Weinberg. They are helping many kids go through college. A couple of years ago, I saw them do a wonderful thing, at Christmas time, for a man who needed a wheelchair to get around town. And every year they send a high school boy to Canada for a tour of Quebec and many Boy Scouts get help in going to camp during the summer.

And now comes the biggest thing of all. It's a beautiful six acre park that everyone can enjoy for years to come.

Our kids and our kid's kids! Watch it grow beginning this year, and if you happen to meet a Rotarian someday, give him a pat on the back, because he helped do this wonderful thing for your town, and my town.

Yours sincerely,
George J. Spanos

"Perhaps you have read the best seller 'Hawaii' by James Michener. If you haven't, it is very much worth while - a delightful book of fiction which, however, gives a tremendous insight into the history of one of the most delectable spots on earth. While reading it I was reminded of a story I heard several years ago. During the last war a soldier stationed in Hawaii wrote to his girl in the States extolling the beauty, and so forth, of the local girls. Much piqued, his girl wrote back and asked, 'What have they got that I haven't?' His reply was: 'Nothing - but they got it here!'

It's a far cry from Hawaii with its built-in year 'round air conditioning to the fuel oil and heating business in New England, but like the girls in Hawaii, perhaps we haven't got everything that any other oil company in New England hasn't, but WE GOT IT HERE, right in your back doorway! Because a company operates in Boston, a great many people feel that it must be larger and be able to provide more services. However, this is not true, since a great many of the services we provide were instigated here and travelled to the big city.

A service business is best when it is located close to the customer so that when service is needed, it is available within minutes instead of hours of travelling, to get to the source of the trouble.

For instance, we limit our business to a six-mile radius of our office, dispatch service by radio, and have men who have no less than 10 years of oil heating experience. They know their business; they are pleasant, honest and clean. Why not try us and see what it's like to do business with a company WHO'S GOT IT HERE.
